Dear Liz

**APPLICATION FOR PERMIT - ENVIRONMENTAL PERMITTING REGULATIONS 2010
RATHLIN ENERGY (UK) LIMITED – CRAWBERRY HILL EXPLORATORY OPERATIONS**

Please find enclosed four (4) CDs containing the permit application and supporting documentation for the Crawberry Hill Exploratory Operations, which we formally submit to the Environment Agency for consideration. The submission follows a number of draft reviews by the Environment Agency's legal team and Groundwater and Contaminated Land Technical Specialists, their comments and clarifications incorporated into the final documents.

The charges associated with the permit application are as follows:

- Mining waste operation - £9,018.00
- Installation - £29,748.00
- RSR - £2,880.00

Total charge for the application is £41,646, which will be transferred electronically to the account detailed within the Part B9 application form.

The permit application and supporting documentation will be posted on the Rathlin Energy website once we receive confirmation that the application has been duly made. In the meantime, should you require any further information or clarification then please do not hesitate to contact us using the details below.

Yours sincerely
for **Rathlin Energy (UK) Limited**
